PRESIDENT'S WELCOME

God is Doing a New Thing

Dear students and families,

It is my great pleasure to welcome you to our Pacific Islands University in Guam. We are a small but vibrant Christian community located on the beautiful island of Guam in the Pacific Ocean, which serves as the gateway to the islands of Micronesia.

PIU was founded in 1976 as MIBS (Micronesian Institute of Biblical Studies) in Chuuk by Micronesian church leaders from Palau, Yap and Chuuk, who voiced the need for theological education, together with missionaries aspiring to know God and to make him known. To this day we are committed to this cause by providing a Christian higher education and ministry training, that is accessible, excellent and transformational. We are deeply grateful that by God's grace we have been able to share, challenge, shape and transform the lives of generations of young people who joined us on this journey. We are excited for you to join us at this crossroad of your life and become a member of our PIU family. The history of our school is shaped by students like you, who bring their own lifestory, aspirations, questions, and passion to PIU and fill our campus, classrooms, and dormitories with life. And the impact of this life can and will be seen and felt in the families, churches and communities that surround us.

While our PIU staff and instructors are proud of and grateful for the diversity of nationalities we represent (Micronesia, Korea, USA, Philippines, and Germany), our greatest strength is our common and unwavering focus on Jesus Christ, who is the center of our lives, our studies, and our ministries. He is the uniting force of our community and the reason why the fellowship we share in PIU has such an impact not only on our studies but also on our lives. For us in PIU it is essential that heart and mind, strong faith and critical thinking, vibrant life and rigorous study stay interconnected.

In a rapidly changing and complex world as ours, where tectonic shifts are challenging almost every paradigm we have, it is not enough to just accumulate knowledge – as important as it might be. The challenges we are all facing on a global scale will only be met by those who are able and willing to make themselves available to God, not only their brain and mind but also their heart and will. Academic excellence is extremely important to us. But so are values like family, compassion, respect, integrity, resilience, and authenticity. Without these values' life cannot succeed no matter how excellent your grades are. Because life is not only about performance but also about relationship; relationship with God and with people we are spending our life with. So, we want to prepare our students not only to succeed in this world but to serve, inspire and transform it. This is the higher education PIU is striving for. We are incredibly grateful that God has guided your heart and steps to PIU and let our paths cross to share life and studies together as followers of Christ.

We are looking forward to this blessed and unique journey with you. So, on behalf of the entire University community: welcome to our university and welcome to our PIU family! In Him,

Mihamm Kim-Rauchholz, ThD

FROM THE VICE PRESIDENT FOR ACADEMICS

At Pacific Islands University (PIU) we are invested in the entire student. The reason we can offer transformational Christian education is because we, ourselves, have been transformed by the power of the Gospel of Christ. The faculty and staff of PIU are committed to Christ and to serving God by serving our students. Each class begins with prayer and is taught through the lens that places Christ in the center of all things. Spiritual formation and discipleship are integrated into our curriculum and teaching philosophy. God has invited each of us to participate in his mission to reconcile all creation to himself. At PIU we invite students to explore how God is calling them to participate in his mission. We are family and God is our Father.

In Him who is able,
Rhonda Haynes – MA-ICS

FROM THE VICE PRESIDENT OF STUDENT DEVELOPMENT

It brings me great pleasure to welcome you to Pacific Islands University. As stated by the president, Dr. Kim-Rauchholz, PIU has been around for a while. The heart of PIU is to prepare students with a biblical worldview to enter the world and make an impact for the kingdom of God. Here at PIU we strive to cultivate an environment of spiritual growth and community living. We believe that once you come to PIU you are part of a family, and we desire to see you flourish. To help you flourish we have spiritual emphasis days, chapel, family groups, devotions, fellowship nights, church outings, K2 retreat weekend in the Fall, PIU Days in the Spring, and much more.

It is our goal that you would come to experience the love of Christ. "We love because He first loved us." 1 John 4:19. It is through the love of Christ that we can experience true growth and fellowship, as He intended it. The book of Hebrews reminds us of the impact a community should have in one's life. "And let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near." As the VP of Student Development, I welcome you to the PIU family and I invite you to join us as we strive to build each other up and make an impact for the kingdom of God in Guam, throughout Micronesia, and the world.

GIVING TO PIU

Pacific Islands University is a section 501(c)(3) non-profit organization recognized by both the United States Internal Revenue Service and the territorial Government of Guam. All gifts are tax-deductible.

FOUNDATIONAL INFORMATION

VISION STATEMENT

Pacific Islands University (PIU) aspires to be a leader in providing accessible, transformational, quality Christian higher education and ministry training to the people of Micronesia, to the Pacific Islands, and to the ends of the earth.

PURPOSE AND MISSION STATEMENT

PIU exists to provide accessible, excellent, transformational Christian higher education and ministry training to the people of Micronesia, the Pacific islands, and to the ends of the earth. As such, our mission is to prepare men and women with a biblical worldview for leadership and service in life, work, and ministry in the global community and the church.

INSTITUTIONAL LEARNING OUTCOMES

The accomplishment of PIU's Mission is supported by five Institutional Learning Outcomes (ILOs). PIU is committed to enabling its students to:

- 1 Develop a relationship with God resulting in Christian character.
- 2 Develop a working knowledge of the Scriptures shaping a biblical worldview.
- 3 Develop competency in ministry skills in a culturally diverse world.
- 4 Develop critical thinking skills in order to successfully navigate our complex global society.
- 5 Develop a broad base of knowledge through a variety of interdisciplinary courses.

CHRISTIAN CHARACTER

Through relationship with faculty, staff, and fellow students as well as through interaction with the curriculum, we nurture the spiritual life of our students. We do this through the dorm activities and devotional rhythm of campus life, times of spiritual emphasis and retreat, discipleship groups, the emphasis on personal application that is a part of all classes, classes that are devoted especially to spiritual formation, mission trips, worship, and chapel services. Our Student Development team is tasked with the spiritual formation of our students, as well as helping them develop healthy life habits and skills. In addition, PIU students are the beneficiaries of the extensive experience in Christian ministry that is part of the collective resume' of our faculty, administration, and staff.

Specifically, students are guided toward:

- A growing relationship with God that overflows into Christ- like concern for people and the local and global communities around them.

- Exposure to and development of positive habits in the practices of the Christian disciplines including worship, prayer, personal devotions, and giving.
- A life that is part of the gathered body of Christ including fellowship.

Training in Christian character is not a task that should be off until later. Faculty and staff model, expect, and challenge students toward the kind of relationship and interaction with the PIU Family that demonstrates a growing embracing of biblically responsible and accountable lifestyles that reflect a passion for the kingdom of God. We emphasize not only personal character development but also a commitment to issues surrounding justice, righteousness, mercy, and grace in culture and society. Toward this end our students are involved in community service activities, discipleship groups, ministry to people in need, and class work which emphasize ethics and corporate responsibility. PIU is preparing students for life as an individual capable of making well-reasoned and informed choices about values, goals, and careers. The PIU experience is a laboratory where a student can discover and practice Christian character that will continue to be demonstrated in a life of responsible service and leadership within the context of family, clan, and culture.

WORKING KNOWLEDGE OF THE SCRIPTURES

The kind of Christ-honoring character and lifestyle that is described above must be based the message of scripture. One must internalize a biblical value system if a Christ-like character producing God-honoring decisions and actions is to be developed.

Because the Bible is the final authority in all realms of life, PIU works to help students develop knowledge and understanding of scripture. We do this by providing degrees in biblical studies which require in-depth study of the Bible, biblical studies minors for students majoring in other areas, and in modeling the use of scripture in chapel and teaching. Our goals are

- That the student will understand and biblically defend the basics of evangelical theology.
- That the student will study and understand the Bible for him or herself and accurately evaluate diverse interpretations of it.
- That the student will develop a biblical worldview, growing as a Christian thinker and understanding the world from a biblical point of view. We want our students and graduates to integrate this transformational knowledge, rooted in the Word of God into all areas of life. We do this with our emphasis on integration in the classroom and curriculum and by modeling it through the lives and interests of the staff and faculty.
- That the student will recognize the trans-cultural truth of the Bible, demonstrating the ability to apply biblical knowledge to the practical problems of life in his or her own culture and as a basis for understanding others, their institutions, and cultures.

COMPETENCY IN MINISTRY SKILLS IN A CULTURALLY DIVERSE WORLD

As the world grows smaller and as a globalized culture emerges, it is not enough for students to simply be aware of or appreciate other cultures. They need to become culturally fluid so that they can relate to, learn from, and serve in several cultures. We seek to foster a culturally fluid environment by recruiting students and faculty from a wide variety of backgrounds, challenging students to develop relationships with people from other cultures, integrating cross-cultural emphases in all our classes, encouraging students to be a part of a mission team in a different culture, by teaching classes that are particularly focused on cross-cultural communication, and through our emphasis on teaching of English as a Second Language. (TEFL)

Students at PIU are exposed to staff, faculty, and fellow students from a wide variety of cultural and ethnic backgrounds. Life in the classroom, dorm, and sports court encourages an understanding and appreciation of the varieties of cultures represented at PIU. Students are confronted with the urgency of the biblical mandate to make disciples of all nations. From events like International Day to classes that emphasize often ignored people- groups, the student will learn to appreciate art, music, literature, science, and other cultural expressions from around the world.

Both in courses of study that are designed to impart ministry skills and in those programs that prepare one to work in careers usually thought of as outside the church, it is our aim to develop leaders who can serve in the church, community, and around the world. Some will exercise their leadership in secular realms and family, while others will minister within the church and mission structures; most will become family leaders. We aim to provide skills which will help our graduates serve in many capacities. For those who will be pastors and church leaders, we provide classes in pastoral leadership, teaching, preaching, and counseling. Likewise, for those who will serve as missionaries we provide training in cross- cultural service. For those who will serve in secular professions, we teach ethics and skills in communication, business, education, art, and leadership geared toward their needs. We require supervised and reflective field education of all of our students. Our ministry related goals include:

- That the student will show competence and have experience in biblical and culturally relevant church ministry inside and outside the institutional church.
- That the student will possess the skills necessary to lead professionally in the church, classroom, and other areas of community service.

As a Christian educational institution for members of many different churches and cultures, we seek to model the unity of mind, heart, and activity which must characterize the people of God. We do this by including a diversity of evangelical perspectives of the faculty and staff. Students will be mentored and taught by faculty from a wide variety of evangelical perspectives and denominations. Likewise, students will be exposed to a wide variety of ministry and worship styles. Our goal is that the student will gain an understanding and appreciation for the diversity of theological viewpoints and practices within the evangelical church.

CRITICAL THINKING SKILLS

A developed mind is a critical part of the disciplined life. Recognizing that many of our students come from academically deficient settings, we take seriously the challenge of helping them become critical thinkers who have a general understanding of the world, can process information, and solve problems. It is our desire:

- That the student will develop the joy of learning and discovery in all areas of life.
- That the student will gain the background and skills to understand written and oral communication from a wide range of sources and be able to communicate in the global culture.
- That the student will acquire the broad based higher-order critical thinking, problem-solving, research, organization, and communication skills necessary to function in a wide range of careers in a changing world.
- That the student will communicate effectively in speaking, hearing, reading, and writing the English language.

A BROAD BASE OF KNOWLEDGE

All PIU students are required to take a core of classes designed to give the student a solid foundation of learning, which stands firm through a lifetime of intellectual growth. In addition, classes such as Basic Bible Study Methods, Spiritual Formation, Critical Thinking, Music, Christian Literature are offered to students pursuing a variety of educational programs.

Chapel speakers and guest lecturers come from a variety of professions. Faculty and administrators at PIU include former or current pastors, politicians, fast-food managers, educators, utility company specialists, military officers, Navy Seals, missionaries, Bible translators, and stay-at-home moms. PIU seeks to instill the value of learning and having a well-developed mind, whatever profession one may pursue.

PHILOSOPHY OF EDUCATION

Pacific Islands University is an evangelical institution committed to a biblical philosophy of education, centered on the revelation of the triune God, which culminates in Jesus Christ, and has its full understanding only through the Scriptures. PIU is committed to the Bible as God's holy and inerrant Word, and to the integration of all knowledge under its authority.

The process of equipping students with a working knowledge of God's Word is based on the conviction that the foundational principles for every area of learning are in the Bible. PIU seeks to stimulate the spiritual development of its students according to the biblical mandate of discipleship, and to provide academic, social, and spiritual resources so students can mature and develop their gifts to serve the Lord.

The study of God's truth as revealed in Scripture and the search for academic truth at PIU are guided by experienced, spiritual, qualified faculty members, who understand that their responsibility as Christian leaders, under the ministry of the Holy Spirit, is to impart biblical truth, and to train students to discern truth. Thus, they assist students to acquire the information, skills, perspectives, and commitment necessary for effective Christian service. In addition, the faculty and staff provide an educational environment of Christian integrity and love that enhances and supports the learning experience.

The goal of PIU is to provide servant leaders whose lives are well integrated with a solid, biblical worldview and who accept their responsibilities to glorify God and serve their fellow man. Some students will enter vocational Christian service, while others will be a vital testimony in the community and the local church. All are taught to evaluate critically the issues of life against the standard of God's inspired Word.

STATEMENT OF FAITH

- I. We believe that the whole Bible is inspired by the Holy Spirit and is the Divine authority and infallible rule for faith, life, and doctrine.
- II. We believe in one God, eternally existing in three Divine Persons, Father, Son and Holy Spirit, equal in nature, power, and glory.
- III. We believe in the Deity of the Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His shed blood as the only atonement for sin, in His bodily resurrection and ascension to the right hand of the Father and in His personal return in power and glory.
- IV. We believe in the Holy Spirit who convicts of sin, testifies of Christ, enables the believer to live a victorious life, and guides into all truth.

- V. We believe that man was created in the image of God but fell into sin and is in need of regeneration through faith in Jesus Christ.
- VI. We believe in the resurrection of the body. The believer will arise to eternal life, the unbeliever will arise to eternal condemnation.
- VII. We believe in the Spiritual unity of all believers in our Lord Jesus Christ.
- VIII. We believe in the commission of the Risen Christ, "Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely, I am with you always, to the very end of the age." (Matthew 28:19,20).
- IX. We accept the reality of the spirit world as stated in Scripture. Angels are holy beings who do God's will. Satan and demons are evil beings who oppose God, His plan, and His servants, as stated. Though powerful, these beings do not possess God's infinite greatness.
- X. We uphold the truths as stated in the Nicene and Apostles' Creeds.

HISTORY

PIU was founded in 1976 as the Micronesian Institute of Biblical Studies (MIBS) on one of the islands in the middle of Micronesia by Liebenzell Mission and the evangelical churches it planted there to prepare Micronesian citizens for leadership in the church. It soon became apparent that this goal was too narrow and accessibility to its programs by the average Micronesian too difficult. While Micronesians valued the biblical training MIBS provided, they also wanted to know how to apply biblical knowledge for living successfully and for leading and influencing all areas of their society towards permanent solutions, and not just in the church.

Therefore, in 1991, led by its first president Dr. Roland Rauchholz, the school added a new campus on the island of Guam, a more western and accessible location, and MIBS became Pacific Islands Bible College (PIBC). The campus formerly called MIBS on the island of Tol became a branch campus. PIBC began offering certificate and diploma programs in Biblical Studies and thereafter the Associate of Arts and Bachelor of Arts degrees.

Under the leadership of PIBC's second president Dr. William Wood (1995-2002) the Guam campus moved from rented facilities onto its present campus in Mangilao, which was purchased in 1997, and began operations there in the Fall of 1999. The school's third president, Dr. David Owen, led the school from 2003 through 2016. Reverend Howard Merrell served first as interim president, and then president from 2017 to 2021. With the new academic year 2021-2022 we now welcome Dr. Mihamm Kim-Rauchholz to PIU as our president.

In 2004 PIBC received accreditation from the Transnational Association of Christian Colleges and Schools (TRACS), which is recognized by the United States Department of Education (USDE), the Council for Higher Education Accreditation (CHEA), and the International Network for Quality Assurance Agencies in Higher Education (INQAAHE).

This opened up US financial aid opportunities for Micronesian students and set established quality benchmarks for its degree programs. PIBC opened Teaching Facilities on three other islands in Micronesia: Chuuk, Palau, and Yap. Some minors, including Teaching English as a Second Language and Elementary Education were added to the Biblical Studies program. Affordability, accessibility, and relevancy now became important watchwords governing the vision of PIBC. While these Remote Teaching Facilities are now closed, Pacific Islands University continues to make our education accessible through our Distance Education Department.

In February 2009, the Board of Trustees voted to change the name of the school to Pacific Islands University (PIU) to better reflect the growing emphasis on Christian liberal arts education and to acknowledge the graduate level seminary program which was launched in the Fall of 2008 and completed in May 2021.

Since then, there has been the addition of the Certification of Basic English, new practical ministry minors, including Bible Translation, AA & BA programs in Liberal Studies.

Since 1976 PIU has been the leader in providing biblical education to the people of Micronesia and now to an expanding circle of people in the Western Pacific. Today, in response to the changing needs of the island communities in which it serves, PIU is adapting its course offerings, its degree offerings, and its vision to be a leader throughout Guam, Micronesia, and the Pacific Region in providing accessible, transformational, and quality higher education.

PIU students come from many different countries and many different religious denominations. Though historically most of its students have come from the Pacific islands, today PIU also welcomes students from all over the world. PIU is a place where a student can experience the multi-cultural variety of the global community in a small school environment. At PIU, students, faculty and staff can develop deep relationships in a close campus community.

ACCREDITATION

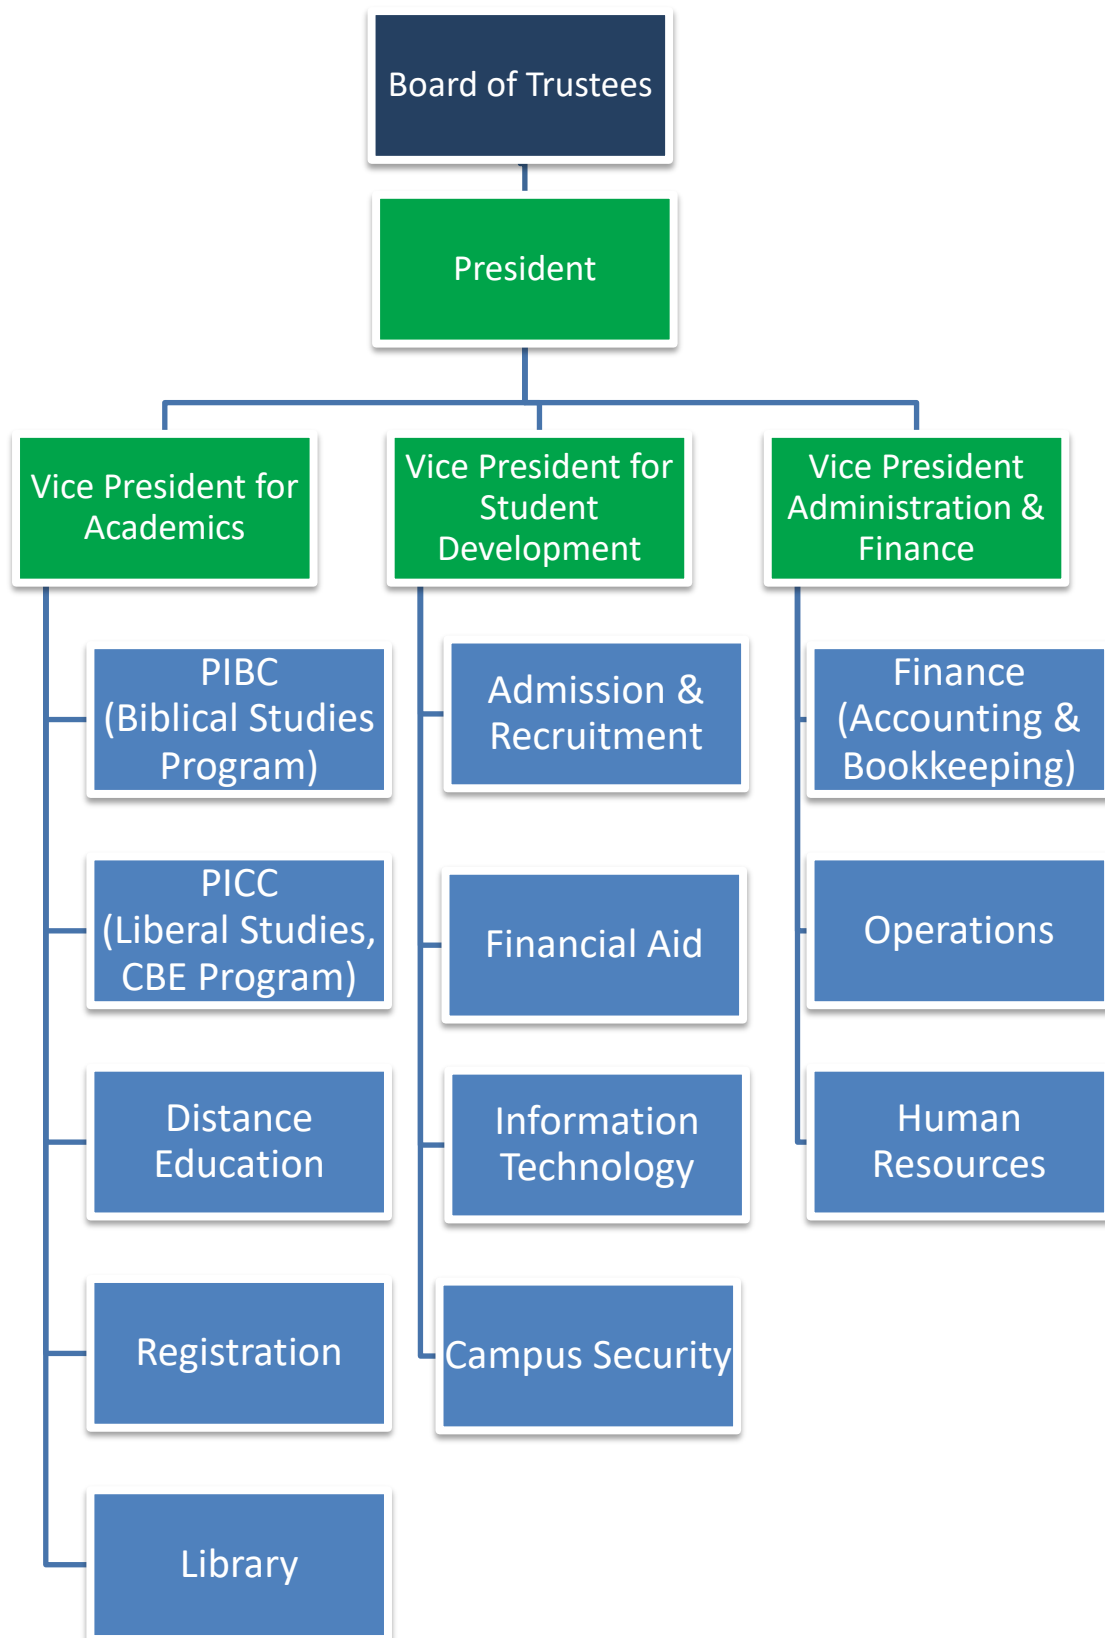

Pacific Islands University is a member of the Transnational Association of Christian Colleges and Schools (TRACS), [15935 Forest Road, Forest, VA 24551; Telephone: (434)525-9539; e-mail: info@tracs.org], having been awarded Reaffirmation II Status as a Category III institution by the TRACS Accreditation Commission on November 5, 2019. This status is effective for a period of ten years. TRACS is recognized by the United States Department of Education (ED), the Council for Higher Education Accreditation (CHEA) and the International Network for Quality Assurance Agencies in Higher Education (INQAAHE).

AGREEMENTS WITH OTHER INSTITUTIONS

The University maintains agreements with several institutions in the Pacific region and the U.S. mainland to provide opportunities for its students to further their education. These include:

- 1 Palau Community College – Republic of Palau
- 2 Faithwalk Christian College – Chuuk, FSM
- 3 SIL International, Pacific Group

POLICY ON DIVERSITY AND NON-DISCRIMINATION

DIVERSITY

PIU has a unique challenge in the area of diversity. In order to maximize the learning of students and expose them to the diversity that exists in the world, PIU seeks to foster an understanding and appreciation of those elements in every culture which enhance human dignity and are consistent with scriptural teaching.

The PIU campus is situated in a multi-cultural society peopled by representatives of most Micronesian cultures, some Asian cultures, and US military personnel. As a result, the classrooms and dormitories routinely include a variety of cultures. Both students and staff members grow in their appreciation for these diverse cultures as they live together, study together, worship together and resolve the inevitable conflicts in their daily lives.

In addition, PIU has deliberately sought to include local scholars and church leaders among the faculty and staff. The current plan is to have a mixture of expatriate and local staff of PIU. This helps expose students to current developments in evangelical Christianity as well as Christian traditions of a variety of island and Asian cultures.

In all environments, PIU seeks to create an atmosphere in which all believers, regardless of race, color, national origin, gender, age, economic status, or physical ability, can pursue knowledge and personal development as they strive toward academic and spiritual maturity.

NON-DISCRIMINATION

Pacific Islands University will admit students of any race, national or ethnic background to any of its programs. An admitted student is granted all of the privileges and services associated with PIU, as well as the responsibilities of belonging to this academic community. Thus, PIU maintains a policy of non-discrimination on the basis of race, color, national origin, sex or age as required by Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975 (approved, Board of Trustees, April 2, 1992). PIU is eligible to accept foreign students as approved by the US Department of Homeland Security under the F-1 designation.

As a private religious institution, PIU reserves the right to exercise preference on the basis of its biblical beliefs and conduct in all of its employment practices and student admissions.

APPLICATION PROCEDURE

Applicants for any Certificate, Diploma, Associate of Arts or Bachelor of Arts degree should obtain application materials from the PIU office or the PIU website, and proceed as follows (applicants for the Certificate in Basic English follow the procedure in the section that follows this one):

Complete and submit the following to the Pacific Islands University prior to the start of the Fall Semester, Spring Semester or Summer Semester for which you are applying.

To be considered for acceptance please complete the following:

- ☐ Admission Application
- ☐ \$25 non-refundable application fee
- ☐ Official transcripts to be sent directly to the PIU Admissions Director from the applicant's high school and post-secondary institutions. Applicants must have obtained a high school diploma or an equivalent e.g., General Education Development (GED) Certificate.
- ☐ One reference to be sent to the PIU Admissions Director: either from the applicant's pastor or from a current or former teacher or employer.
- ☐ Recent photo of yourself (taken within six months)
- ☐ Results of college admissions tests (SAT, ACT, TOEFL) or results of the PIU Placement Test. For test scores to be valid the test must have been taken within two years before the start date of the semester of admission.

Students must demonstrate the capacity to succeed in college courses in order to enroll in any program. An admission advisor will consult with applicant if scores do not fall within the parameters listed below:

- Score at least an 18 on the English Language Arts portion of the ACT.
- Score at least a 500 on the paper-based TOEFL or 61 on the Internet-based TOEFL.
- Provide transcripts showing transfer credits of college level courses equivalent to a PIU Freshman English course (ENGL 101 or 102).
- A composite score of 482 or above on the Accuplacer Next Generation reading and writing tests and an essay score of greater than or equal to 5 on the essay portion.

To be able to register you must submit the following:

- ☐ Copy of your birth certificate, passport, driver's license, or state issued ID
- ☐ Copy of the immunization card for students taking in-person classes (must include a valid documentation of tuberculin skin test results conducted within 6 months prior to the beginning of classes)
- ☐ Signed form from parents or legal guardians (For students under 18 years of age when they first enroll at PIU) to address health and/or residence life issues (for those living in the dorm).

On the application form, students will be expected to sign the following statement:

I certify that the information provided was completed to the best of my knowledge. Providing intentionally misleading information will be grounds for denying admission. Disciplinary action, up to dismissal, will be taken if the misleading information is discovered after the student is admitted.

All materials must be submitted to the PIU Admissions Director for processing and become property of PIU. While active students and other authorized individuals are able to view education records, the University will only make copies of paper records if there is a situation that prevents the active student and/or authorized individual from viewing the record in person. Graduates, active students, and authorized individuals may receive both paper and digital copies of transcripts and the diploma by making a request and the appropriate payment. Other documents in student files will not be copied for graduates, active students, and other individuals authorized to view student records unless such a request is necessitated by law enforcement and/or a subpoena. Unless otherwise noted, application documents must be updated if the admission has not been finalized within one year. Upon admission, each student will be assigned to an Academic Advisor.

TRANSFER OF CREDIT

PIU accepts the transfer of credit from other accredited institutions. Transfer students are required to earn a minimum of 60 credits toward their BA degree or Diploma or 36 credits toward their AA or Certificate in Biblical Studies through classes offered by PIU. PIU does not guarantee that credit hours earned at any college or university over 7 years prior to the admission date of a student will transfer into a PIU program.

TRANSFER OF CREDITS FROM ACCREDITED INSTITUTIONS

Credit will be considered and granted to students transferring from an accredited institution only if:

- official transcripts are available that show the grade earned was a C or higher, AND
- the published course description from that institution is deemed equivalent in scope, content, academic level, and number of credits to a course offered at PIU, OR
- personal communication with a representative of the other institution makes it clear that the course from that institution is equivalent in scope, content, academic level, and number of credits to a course offered at PIU.

Courses which do not meet the equivalency requirements of PIU may be accepted for elective credit.

NOTE: Credit for required or elective courses will be considered and granted only when an official transcript from the previous institution is received and reviewed by the Registrar.

Awarding transfer credits for courses taken before attending PIU will be considered upon the student's initial acceptance at PIU. Awarding transfer credits for courses taken after the initial enrollment will be considered when official transcripts are provided.

PIU does not guarantee that credit hours earned at any college or university over seven (7) years prior to the admission date of a student will transfer into a PIU program.

Transfer students are required to earn a minimum of 60 credit hours toward their Bachelor of Arts degree or diploma, or a minimum of 36 credit hours toward their Associate of Arts degree, or Certificate in Biblical Studies at PIU.

TRANSFER OF CREDITS FROM NON-ACCREDITED INSTITUTIONS

Partial (1/2) credit *may* be granted to students transferring from non-accredited institutions based on the following:

- official transcripts are available that show the grade earned was a C or higher AND
- the published course description from that institution is deemed similar in scope, content, and academic level to a course offered at PIU.

OR

- personal communication with a representative of the credit-granting institution makes it clear that the course from that institution is similar in scope, content, and academic level to a course offered at PIU.

NOTE: Due to the nature of allowing only partial (1/2) credit as transfer credit, the student may only be granted transfer credit from non-accredited institutions for elective credit.

Transfer credit in other areas from non-accredited institutions may be made on a case-by-case basis. Some students may receive credit in areas other than elective if a combination of classes is deemed equivalent in scope, content, academic level, and number of combined credits to a course offered at PIU. Decisions will be made on a case-by-case basis by the Vice President for Academics in consultation with the Registrar upon examination of official transcripts, catalog descriptions and/or syllabi from the course/s taken.

PIU reserves the right to limit the number of transfer credits allowed in order to retain the above-stated requirements of minimum credits that must be taken at PIU toward any degree, diploma, or certificate program (see “Transfer of Credits from Accredited Institutions” above).

CREDITS FOR PRIOR LEARNING

On a case-by-case basis, PIU will consider granting credits to students who have earned college-level credits through opportunities such as the College Level Examination Program or through DSST – formerly DANTES (Defense Activity for Non-Traditional Education Support) Subject Standardized Tests. The number of credits accepted will be subject to PIU’s policy for the number of PIU credits that must be earned to receive a BA, AA, Diploma, or Certificate from PIU. All prior credit is evaluated, maintained, the program is shortened accordingly, and the student is notified of any credit granted. The Vice President for Academics, in consultation with the Registrar and the Department Chairs, will determine the extent to which such credits will be accepted for required and/or elective courses.

NON-PROGRAM APPLICATION PROCEDURE

Applicants who do not plan to complete one of the programs of PIU, but who wish to register for one or more courses for credit, are required to submit the following:

- ☐ Application form
- ☐ Copy of a valid ID (ex. Passport, Birth Certificate or Driver's License)
- ☐ Copy of the immunization card for students taking in-person instruction (must include a valid documentation of tuberculin skin test results conducted within 6 months prior to the beginning of classes for those taking in-person classes.)
- ☐ Transcript that documents achieved appropriate entrance level for desired course (high school diploma for enrolling into courses)

AUDIT APPLICATION PROCEDURE

Applicants who only want to audit courses, are required to submit:

- ☐ Application form
- ☐ \$25 non-refundable application fee
- ☐ Copy of a valid ID
- ☐ Valid documentation of tuberculin skin test results conducted within 6 months prior to beginning of classes for those taking in-person classes.

RE-ENTRY INTO A PIU PROGRAM

Re-entry students who are returning to PIU after a voluntary absence of three or more consecutive terms (Fall, Spring and Summer) must apply to be readmitted. They are required to submit:

- ☐ Application form
- ☐ Copy of the immunization card (must include a valid documentation of tuberculin skin test results conducted within 6 months prior to the beginning of classes for those taking in-person classes.)
- ☐ \$25 non-refundable application fee

Re-entry students should be prepared to provide further information upon request of the Registrar or Vice President for Academics. Students who return after an absence of more than one year will have to meet the program and degree requirements of the current catalog. Students who return after an absence of more than two years will have to meet the program and degree requirements of the current catalog.

NOTE: An assessment of English competency may be required if English is not the re- entering student's first language. Please see PIU's Pre-College Level English Policy.

DUAL ENROLLMENT PROGRAM

Pacific Islands University provides opportunities for high school students to enroll in college-level courses, for which they will receive college credit from PIU. The students enrolled in the Dual Enrollment Program may also receive credit towards graduation from high school if the school agrees to grant the credit.

ADMISSION TO THE PROGRAM

Students wishing to participate in the program are required to submit:

- ☐ Application Form
- ☐ \$25 non-refundable application fee
- ☐ Current and official high school transcript
- ☐ Results of college admissions tests (SAT, ACT, TOEFL) or results of the PIU Placement Test. Scores are valid for up to two years before the start date of the semester of admission.

Students must demonstrate the capacity to succeed in college courses in order to enroll in any program. Students may demonstrate that capacity in one of the following ways:

- Score at least a 425 on the College Board SAT Reading Test and the SAT Writing and Language Test and score at least a 2 on the SAT Essay Test.
 - Score at least an 18 on the English Language Arts portion of the ACT.
 - Score at least a 500 on the paper-based TOEFL or 61 on the Internet-based TOEFL.
 - Provide transcripts showing transfer credits of college level courses equivalent to a PIU Freshman English course (ENGL 101 or 102).
 - A composite score of 482 or above on the Accuplacer Next Generation reading and writing tests and an essay score of 5 or above on the essay.
-
- ☐ Copy of a valid ID (ex. Passport, Birth Certificate or Driver's License)
 - ☐ Copy of the immunization card (must include a valid documentation of tuberculin skin test results conducted within 6 months prior to the beginning of classes for those attending in-person classes.)
 - ☐ Confirmation of the attainment of junior or senior level (or equivalent) in high school (verification from a counselor or school administrator)
 - ☐ Official endorsement from the student's high school indicating that the student is capable of enrolling in and completing a college level course.
 - ☐ List of courses in which the student plans to enroll
 - ☐ Signed letter from the student's parents or legal guardians that:
 - grants permission to enroll in the courses
 - guarantees responsibility for regular attendance and payment of tuition and fees
 - acknowledges the student's responsibility to adhere to all PIU academic and student life expectations on campus as presented in the PIU Catalog or the Student Handbook.
 - designates a waiver of FERPA requirements

Students will be accepted to the program based on a review of all documents to determine the student's "ability to benefit" from the courses offered.

CREDITS GRANTED.

Upon successful completion of the courses taken (a grade of D or better), the student will be granted PIU credits for the course. Students may use the course credits towards fulfilling requirements in an appropriate PIU program. Students wishing to receive college credit at another institution can request a copy of the PIU transcript, listing the courses completed.

The transcript can then be presented to other institutions for approval. Students may earn up to a total of 24 college credits through the PIU Dual Enrollment Program.

COURSES AVAILABLE.

Courses offered to Dual Enrollment Program students will be limited to 100 or 200 level PIU courses. Students will be required to meet prerequisites for courses or request permission from the Department Chair and the Vice President for Academics. Approval for registering in specific courses will be at the discretion of the Department Chair and the Registrar.

Students will be limited to enrolling in no more than two courses (6 credits) during each semester.

CERTIFICATE IN BASIC ENGLISH

Applicants for the Certificate in Basic English (CBE) should obtain application materials from the PIU office or the PIU website and submit the following:

- ☐ Application form
- ☐ \$25 non-refundable application fee.
- ☐ Official transcript sent directly to the PIU Admissions Director from the applicant's high school and any post high school institutions and colleges.
- ☐ Official TOEFL scores sent directly to PIU. A minimum of 400 on the paper-based test (or 32 on the internet-based TOEFL test is required for admission to the program. If a TOEFL score is not available, students may be admitted with a score of at least a 400 on the PIU Placement Test.
- ☐ One reference from a current or former teacher or employer to be sent directly to the PIU Admissions Director.
- ☐ Copy of the immunization card (must include a valid documentation of tuberculin skin test results conducted within 6 months prior to the beginning of classes for in-person classes.)
- ☐ Copy of birth certificate or passport.

ADMISSION UNDER SPECIAL CIRCUMSTANCE

PROVISIONARY ADMISSION

At Pacific Islands University, we understand that special transportation, communication, and other circumstances may arise that create the need for offering occasional provisional admission. A student with extenuating circumstances *may* be considered for provisional admission and should consult with the Admission Director.

Students admitted on a provisional status must meet all regular admission requirements before being accepted as program students. Students who desire admission in a regular program at PIU must provide all documents to complete the formal application packet before enrolling in additional semesters.

PRE-COLLEGE LEVEL POLICY

Applicants who do not meet the minimum program requirements as listed above for admission but who demonstrate likelihood of success through other admissions documents, may be accepted, but are enrolled as “Pre-College Level” students.

Students with documented weaknesses in English language skills will be retested at the conclusion of their first semester of study to seek evidence of appropriate progress as well as at the conclusion of their second semester as a Pre-College Level student (if needed). At the conclusion of the first year of study, all students must be in good academic standing and must retake and pass the PIU Placement exam to determine program eligibility.

<i>Tuition fee is \$243 per credit hour</i>	
Dorm Fee	\$1,000.00
Sub-Total	\$4,244.00

NOTES:

1. *The typical costs of attendance as a full-time student are based on the assumptions that an independent student is sharing his/her room with another student and one (1) semester is a four (4) month period of class attendance.*
2. *Amounts for food, transportation and personal expenses vary and are not included; they should be kept in mind when the overall costs are counted. For students whose permanent residence is not Guam, a round trip airfare must be added (~\$1,500.00).*
3. *The student still needs to calculate additional costs of approximately \$150.00 for textbooks.*

Other Scholarships/Grants	(\$0.00)	(\$0.00)
Expected Net Costs	\$-3.50	\$996.50

**Textbooks/Materials are not included in the computation; the student still needs to calculate additional costs of approximately \$150.00 for textbooks.*

NOTES:

1. *Full time students will be given priority over part time students for dorm occupancy. Full time students will be admitted into the dorms on a “first come-first served” policy.*
2. *Returning students must clear their previous balances in order to register for the next semester. On-campus students must be prepared to pay at least “\$250.00” during registration at the beginning of the term, after expected Federal Pell Grant is applied. A payment plan may be arranged by contacting the business office.*

Payment Plan Computation:

The expected net cost of an on-campus resident student is \$996.50 to cover a portion of the dormitory fee. During registration, the student must pay \$250.00. The remaining balance of \$746.50 can be paid in three monthly rates of \$248.83. each.

FINANCIAL POLICIES

LATE REGISTRATION POLICY

Students who do not arrive on campus and register by the first day of scheduled classes per the academic calendar will pay a late registration fee of **\$100.00**.

REFUND POLICY

Students are responsible to notify PIU when officially withdrawing from any class. Refunds of all refundable fees (not room fees) - in the event a student withdraws from all classes - are determined from the official date of withdrawal as follows:

- 100%withdrawal during registration & add/drop period (week 1 of the semester or the equivalent)
- 75%withdrawal during the second week (or the equivalent) of instruction
- 50%withdrawal during the third week (or the equivalent) of instruction
- 25%withdrawal during the fourth week (or the equivalent) of instruction
- 0.....withdrawal after the fourth week (or the equivalent) or thereafter

A withdrawing student is required to complete a withdrawal form which can be obtained from the PIU Business Office or Populi, PIU’s Learning Management System (LMS). The date of the withdrawal is the same as the date the Business Office receives the signed form from the student.

MILITARY STATUS

Pacific Islands University considers students who must temporarily set aside their educational pursuits when called to active duty in the military. Students called to active-duty military service after the beginning of a term or session are entitled to drop their courses and receive a refund of tuition and fees for courses still in progress and in which they are actively enrolled at the time of the call-up. As an alternative to refunds, students may opt for credit against future enrollment, or request an incomplete grade (I) from their respective instructors (subject to instructor approval). To exercise this option, students will be required to provide the Registrar written proof of active military status and deployment and indicate whether a refund or credit is preferred, and process

withdrawal (W) from classes (or drop selected classes or request for an incomplete (I) if appropriate). After appropriate review, the withdrawal or grading status, and refund or credit will be authorized and processed.

NOTE: Even in cases of a military call-up, students do not have the option to drop partial or short-term classes that have already been completed, or any course for which all work has already been completed and submitted. Students who are unsure how to proceed in these cases are encouraged to consult with the Registrar.

Students called to active-duty military service may also opt to remain enrolled in some or all of their courses. In this case, the student may either:

- request an "Incomplete" for the class, with the understanding that the coursework will be completed upon return from active military duty; or
- request that a final grade be assigned based upon work completed to date.

Students called to active-duty military service wishing to exercise either of these options should consult with the instructor who will, as necessary, report the "Incomplete" or other appropriate grade based on institution policies. These options may not be equally viable for all classes, depending on timing, how much work remains to be completed, whether a final exam constitutes a major portion of the grade, etc. For this reason, consultation with the instructor is strongly recommended.

Students who return from military service and are ready to re-admit to PIU should contact the Admission Office. The staff of the Admission and Registrar Offices will be as accommodating as possible in facilitating the re-entry of students returning from active-duty military service. This may involve streamlining the usual re-entry application process, waiving application deadlines, etc. Each case will depend on individual circumstances. PIU faculty and staff will also be asked to be as accommodating as possible in order to assist military service veterans in returning to the university.

STUDENT FINANCIAL OBLIGATION POLICY

It is the policy of Pacific Islands University for students to be responsible for promptly settling their financial obligations to the University. These obligations may include, but are not limited to:

- Tuition and school fees/room
- Personal checks or credit card payments returned unpaid by the bank
- Fees for not returning equipment or materials
- All other outstanding financial obligations.

Sanctions. Students who fail to satisfy their financial obligations are subject to having their records placed on "hold". This hold will restrict the student from registering for a subsequent semester, receiving a diploma, and having unofficial/official transcripts, and grade reports furnished until the financial obligation is cleared.

Students who fail to pay their monthly financial obligation will be issued a "Demand Letter" one week after the account is due requiring them to pay their dues IMMEDIATELY. For dorm students, this letter will serve as a "Move-out Letter," indicating that seven days after receiving

the demand letter, dorm students must move off- campus unless the financial obligation is satisfied.

Penalties for late payments

- The University will charge an additional 25% of the debts not received by the end of the payment term.

Penalties for returned checks

- 1st returned check... \$25.00
- 2nd returned check... \$50.00
- After 2nd returned check..... NO writing check privileges

As a last resort, the University may report students with unpaid accounts to a credit bureau and/or small claims court.

FINANCIAL AID

Awards are available based on various criteria, such as financial need, program-based, ministry related, sponsoring organization criteria, and others. That is, PIU will attempt to provide sufficient financial aid for each student who is admitted so that the student will be able to afford the expenses for the school year. However, the primary responsibility for tuition and fees rests with the student and his or her family.

Students desiring to be considered for this financial support must complete the General Scholarship Form before the end of the first month of each semester (August 30th or January 30th).

It is the hope that no admitted student will be denied opportunity to study at PIU because of inadequate financial support. For more information, contact the PIU Financial Aid Officer.

NOTE: Federal financial aid can only be used for students enrolled in an AA or BA program. The Free Application for Federal Student Aid (FAFSA) is not required for admission. However, it is strongly encouraged and recommended that students complete the FAFSA as early as possible. The online application can be found at: fafsa.ed.gov.

SCHOLARSHIPS AND GRANTS

FEDERAL TITLE IV PELL GRANT PROGRAM

PIU is a participant in the federal Title IV Pell Grant Program and Student Loans

ACADEMIC EXCELLENCE SCHOLARSHIP

This scholarship is available to any full-time student who in the previous semester took at least 12 credit hours on degree level (course numbers 100 or higher) with a term GPA of 3.5 or above and takes more than 12 credit hours in the succeeding semester. Students will receive a scholarship for the tuition costs of up to 3 credit hours beyond 12 credit hours.

BIBLE KNOWLEDGE ENRICHMENT SCHOLARSHIP

This scholarship is available (upon approval of a letter of application) to all **non-program** students who are ineligible or unable to participate in Title IV or in other public or state scholarship, grant or award programs. This scholarship pays 50% of the tuition for all PIU Bible, Theology or Ministry classes taken and can be applied up to a maximum of 12 credits.

BIBLE TRANSLATION TRAINING SCHOLARSHIP

This scholarship is available to students who desire to learn about the field of Bible translation and its role in strengthening the church. This scholarship is funded by the Isles of the Sea which works in Bible translation in the Pacific. Scholarship funds will be awarded to students who have enrolled in the Bible translation courses, especially those who have declared a Bible translation minor.

COMMUNITY ACTION SCHOLARSHIP

Students may earn Community Action Scholarship funds by providing short-term services to local churches, community organizations, or residents in need (especially the elderly and the disabled). These services go above and beyond activities that support the requirement for Community Service and Ministry. The funds will be disbursed at the discretion of the Financial Aid Officer and the Administrative Council.

PASTOR'S SCHOLARSHIP

This scholarship is available for one first-time student from each local church each semester, who is ineligible or unable to participate in Title IV or in other public or state scholarships, grants or award programs. To apply for this scholarship, a student must submit a letter from the pastor of his or her local church recommending the student for the scholarship. This scholarship pays for the full tuition and fees excluding textbook charges for the first class taken at PIU.

PIU PRESIDENT'S GRANT*

The purpose of this grant (award amount up to \$500 per semester) is to make Christian higher education available for students who are unable financially to attend PIU **after all other grants are applied at the end of the semester**. All program students are eligible to be considered for this grant upon receipt of a written application. Applications will be considered and be awarded at the discretion of the President. The grant will be applied to the student account for tuition, room and other fees excluding course textbooks and penalty fees. This grant reflects the contributions to PIU made by Liebenzell Mission and volunteers to the operating and capital budget, as well as the provision of missionary faculty and staff.

OTHER INSTITUTIONAL SCHOLARSHIPS*

Other Institutional Scholarships are privately funded by monies given to PIU to provide scholarships. The funds may come from external sources, such as a branch of Liebenzell Mission, other organizations, or private individuals. The purpose of these scholarships varies, depending on the donor's intent for funds. See the Financial Aid office for applications procedures and availability.

VETERANS BENEFITS

Students who have served in the United States military may be eligible for benefits through the US Department of Veterans Affairs.

(Source: GEN-12-10 USDE Office of Postsecondary Education). *If you served on Active Duty, you might be eligible for education benefits offered by the Department of Veterans Affairs. For example, the Post-9/11 "GI Bill®" provides financial support for educational and housing expenses to individuals with at least 90 days of aggregate service after September 10, 2001, or individuals discharged with a service-connected disability after 30 days. You must have received an honorable discharge to be eligible for Post-9/11 "GI Bill®".*

If you are currently serving in the military, you may be eligible for funding offered through the Department of Defense Tuition Assistance program. Check your eligibility status and the amount for which you qualify with your Service prior to enrolling.

If you are the spouse or child of a servicemember who is serving on active duty Title 10 orders in the paygrades of E1-E5, O1-O2, or W1-W2, you may be eligible for financial assistance from the Department of Defense for education, training, and/or the occupational license and credentials necessary for a portable career. If you are the spouse or child of a servicemember, you may be eligible for transfer of the servicemember's Post- 9/11 "GI Bill®" benefits to you.

PIU permits any covered individual to attend or participate in the course of education for which the individual provides notification of eligibility. The institution will not impose any penalty due to the delayed disbursement funding from VA under chapters 31 or 33. For more information on qualification or veteran benefits visit the US Department of Veterans Affairs website, www.gibill.va.gov, or contact the PIU Financial Aid Office.

*In order to be eligible to apply for this grant, the student must have a current FAFSA on record and must fill out PIU's General Scholarship application. Returning students must complete a valid FAFSA before the end of the previous semester and make application before the close of registration. New students must submit their written application and valid FAFSA latest 30 days after the close of registration. However, these funds are very limited, and the date of application will be a major factor in determining how funds are distributed.

ACADEMIC POLICIES AND SERVICES

ACCOMMODATIVE SERVICES

Students with disabilities can be provided with auxiliary and additional services when needed for success in attaining their academic goals. If classes required by students with special disabilities have been scheduled to meet in relatively inaccessible facilities, the University will either reschedule the classes to accessible facilities or make special arrangements to ensure ready access by students with disabilities to those classes. Please contact the Vice President of Student Development for further information. Students with disabilities who need accommodations in a course are encouraged to contact the Vice President of Student Development at 671-734-1812.

ADD / DROP POLICY

A student who desires to make a change in his or her schedule may do so during **the first three class hours or the equivalent**. Add/Drop forms are available online and in the office and must be completed by the student requesting the change.

Students are cautioned to consider their decisions carefully before requesting a course change as there is no guarantee that a class dropped may be re-added if the student changes his or her mind after the class has been dropped.

ATTENDANCE

ATTENDANCE POLICY

Students are expected to attend all classes and participate in all course-related activities. Students must be present at a minimum of 75% of the class hours for each course in order to receive a passing grade. Three tardies are equal to one absence in all classes. Individual instructors may develop stricter policies for individual classes at their discretion. Students need to refer to each course syllabus for that class' attendance policy. Students should communicate with instructors regarding the absences and the extent to which excused absences can be made up.

For students anticipating an extended absence, they should consult their instructors to make arrangements regarding the absence. If necessary, students may request approvals from the Vice President for Academics regarding excused absences.

Administrative Withdrawal for Residential In-Person Classes

A student who has more than 7 unexcused absences for classes taught twice-a-week or more than 3 unexcused absences for classes that meet once-a-week¹, or a student who has not attended or notified the instructor or Vice President for Academics for two consecutive weeks, will be administratively withdrawn from the course. The following are expected at the time of Administrative Withdrawal:

¹ Based on 37.5 hours per semester required by the Department of Education for each course a student may miss up to 9.375 hours of total class time or 7.5 twice-a-week-class periods or 3 once-a-week class-periods.

- The Administrative Withdrawal will be effective upon completion of Withdrawal form
- The instructor will inform the registrar in writing, identifying the last class the student attended or the last date the student completed an assignment.
- The instructor will inform the student of the Administrative Withdrawal.
- The student is no longer allowed to attend class or submit any more assignments.
- The student will receive a WF (withdraw fail) for the course.

Disciplinary Withdrawal

If a student is dismissed for disciplinary reasons, the student is placed on **Disciplinary Withdrawal** from all classes. The student will receive a WF for the course. The Discipline Withdrawal may result in the reduction and/or return of financial aid.

ATTENDANCE POLICY FOR ONLINE CLASSES

Students are required to participate in online classes during the first week of classes. Class attendance is defined as logging into the instructor's digital platform of instruction and/or fulfilling any other requirements as required by the instructor.

At the end of the first week of each class, the course records will be reviewed to determine if the student has attended. If the student has not attended, the student will be dropped from the course roster and will **not be allowed to submit further course work**. The course will no longer be recognized as one in which the student attempted to earn any credit.

Distance Education students are expected to submit assignments and tests and complete all assessments throughout the semester. Students who begin attendance, but then cease submitting assignments and participating in required activities for two (2) consecutive weeks, without consulting the instructor, registrar, or the Vice President for Academics, will be subject to the **Administrative Withdrawal**.

COURSE NUMBERING SYSTEM

The alpha characters of a course number indicate the department or subject of study, the first numeric character indicates the academic level of the course:

001-099 Pre-college level

These courses assist students in developing necessary educational foundations, particularly in communications and mathematic skills, so that they are adequately prepared for college-level courses. Cannot be applied to degree programs.

100-299

These courses focus on foundational principles, methods, and procedures of critical thinking in order to provide a broad basis for more advanced courses. To introduce and reinforce essential skills of literacy.

100s

- Primarily introductory and beginning courses
- Entry-level, for freshmen, rarely have prerequisites
- Equipping with basic skills and foundational knowledge

200s

- Move beyond the introductory level
- Begin to synthesize and think critically
- Developing theories, conceptual knowledge, and perspectives

300-499

These more advanced courses are in-depth, and emphasize problem-solving, analytical thinking skills, and theoretical applications. They will require students to synthesize topics from a variety of sources. These courses are designed to include key components of the major and minor and usually have prerequisites. Their purpose is to refine the students' abilities as independent learners and emphasize comprehension, analysis, synthesis, and evaluation.

300s

- Designed to build upon the knowledge of previously taken courses
- Refinement of essential skills, applying existing frameworks in a discipline
- Conceptual knowledge

400s

- Includes capstones and other advanced courses
- Ability to synthesize and apply knowledge from a variety of sources through critical and evaluative lens
- The development of professional skills designed to lead to post baccalaureate studies and/or employment

DETERMINING AND APPEALING ACADEMIC STATUS

GOOD ACADEMIC STANDING

A student is considered in Good Academic Standing unless otherwise determined and confirmed by the Vice President for Academics. The following describes the process by which Academic Probation and Temporary Dismissal are determined.

ACADEMIC PROBATION

After one semester of earning a GPA of less than 2.0, a student will be put on Academic Probation for the following semester. The student will be required to request progress reports from all his/her instructors twice during the semester (week 5 and week 9) and submit them to an assigned mentor.

After one semester on Academic probation the Vice President for Academics will review the student's grades with the Registrar.

If the semester GPA is 2.0 or higher, the student will be removed from Academic Probation and will enroll for the following semester in Good Standing.

TEMPORARY DISMISSAL

Students who earn a GPA of less than 2.0 will receive a letter of temporary dismissal for one semester. These students are eligible to petition for re-admission after taking a semester off. They must contact the university and request re-admission in writing, including their explanation for their previous academic failure and plans of what they will do differently to ensure success upon their return to PIU. There is no need to complete a new application for admission.

Students who submit a request for re-admission after more than one semester off must complete a re-entry application.

All students returning to PIU after being dismissed for academic failure will be on Academic Probation for the first semester they return.

If a student returning after being dismissed for academic failure fails to attain a semester GPA of 2.0 or higher, he/ she will be dismissed again. The length of time away and possibility of re-admission will be determined by the Vice President for Academics, who will have to review a newly completed application packet to determine the possibility of academic success should the student be allowed to return.

NOTE: Any student who feels he/she has been placed on Academic Probation or Temporary Dismissal unfairly has the right to appeal to the Vice President of Student Development for an evaluation of the circumstances. The Vice President of Student Development and Vice President for Academics will then meet with the President who will act as the grand arbiter. The decision of the President in these cases will be final.

GRADING & ACADEMIC STANDING

PIU uses the letter grade system. Grades are awarded based on completed assignments. The breakdown of the percentages is as follows:

Letter grade	Percentage	Explanation	Grade points per credit
A	90-100%	Outstanding <i>Performance excels far above established standards for university-level performance</i>	4
B	80-89%	Above average <i>Performance is above established standards</i>	3
C	70-79%	Average <i>Performance meets established standards</i>	2
D	60-69%	Below average <i>Performance is below established standards</i>	1
F*	0-59%	Failure <i>Performance does not meet minimum requirements</i>	0
P*	0%	Passing	none
AUDIT	0%	Audit	none
I	0%	Incomplete	none
W	0%	Withdrawal	none

*Pass/Fail requirements for FEDU courses detailed under each course description

ACADEMIC LOAD

A full load for students is considered between 12-18 credits per semester. First and second year students are limited to a maximum of 18 units per semester. Third- and fourth-year students with a GPA of at least 3.25 may enroll for more than 18 credits with the permission of Department Chair and Registrar.

COMMUNITY SERVICE/MINISTRY HOURS

All Full-Time Program students are **REQUIRED** to complete 36 hours of community service and ministry each Fall and Spring semester. This is a graduation requirement and will be noted on the student's transcript. If a student does not complete his or her hours by the end of the semester, the student will have a hold placed on their account. This will not allow the student to register for classes for the following semester. Upon completing the community service hours or having a plan in place, the hold will be removed allowing the student to register.

Students must turn in a completed community service/ministry record of hours' form to the Student Development office at the end of each semester.

At the end of the Fall and Spring semesters, the Vice President of Student Development will submit a record of community service/ministry hours for each full-time student. For each of the semesters, students' transcripts will include a Pass (P) or Fail (F) for SERV 200 (the community service/ministry requirement).

Students who receive an "F" for SERV 200 for one semester, will have a "hold" placed on the student account restricting them from registering for the following semester. Once the 36 hours are completed or a plan is in place to complete them, the hold will be removed, and the student will be allowed to register, and the grade will be converted to a "P".

Note: Students that reduce their academic load below full-time status through a drop, withdraw, or Administrative Withdrawal will not be held to this requirement.

COURSE CREDITS

To receive credit for a course, the student must attend at least 75% of the class hours for each course.

The faculty may record plus or minus after a passing grade where appropriate. This recording will be placed on the student's permanent record but will in no way affect the student's grade point average. Students may repeat courses for which they receive a grade of D or F. If a student scores between 65-69% the teacher may provide an additional assignment to enable the student to attain a C grade. If a student repeats the course (previously D or F), the new grade will replace the former grade on the student's permanent record.

GRADE POINT AVERAGE (GPA) REQUIREMENTS

In any semester, students with a Grade Point Average (GPA) lower than 2.0 will be placed on academic probation and will be informed of this status in writing. Two consecutive semesters with a GPA below 2.0 will constitute cause for dismissal from PIU.

"I" (INCOMPLETE)

The grade of "I" (Incomplete) is exceptional. It is to be given only to students whose work in a course has been satisfactory, but who, because of illness or other circumstances beyond their control, are unable to complete the course.

Students requesting the grade of "I" must provide their instructor with substantiating information or documents. Instructors may consult with the Department Chair and Academic Vice President in making determinations for "I" grades. The instructor makes a final decision on granting the "I" and sets a deadline for completing remaining work. If approved, the respective instructor will notify the Registrar and Vice President for Academics of the approval. In recording the grade of

"I", the instructor states in their grade book the quality of the student's work to date, the requirements remaining, and the deadline for completion.

When instructors assign the grade of "I", they set their own specific deadlines for the completion of all course requirements within a maximum of a one-semester period following the class end date. If all required work is not completed by the instructor's deadline, a grade of "F" may be assigned. In any case, if the work has not been completed and the instructor has not submitted a new letter final grade, the "I" grade will automatically change to "F" after the maximum one-semester period.

It is the responsibility of the student, not the Academic Department or PIU, to arrange with the instructor for the assignment of an "I". An "I" cannot be removed by the mark of "W". If students elect to repeat the course, they must re-register, pay the full fees and attend the entire course. Students should be aware that the grade of "I" may delay graduation.

When an "I" is assigned by an instructor, the student is automatically placed on academic probation for the subsequent semester. The academic probation will continue until the course requirements are completed and the instructor assigns a final grade for the course or the maximum period for the incomplete is reached, and a grade of "F" is automatically assigned. The final grade received when the "I" is replaced will determine if the student remains in Good Academic Standing, is on probation based on the GPA of the previous semester or will be temporarily dismissed at the conclusion of the current semester in which the "I" was resolved.

W (WITHDRAWAL)

The grade of "W" (Withdrawal) is only given to a student who initiates a **Student Withdrawal** from a course after the first week and before the tenth week of classes or before the twenty-eighth (28th) class hour on a normal semester length, or the equivalent for intensive courses taught in shorter durations. No grade points are entered for the course.

A Student Withdrawal after the ninth week (or equivalent for intensive courses taught in shorter duration) of classes will result in a WF (withdraw fail). A student may be subject to an **Administrative Withdrawal** for failing to attend campus classes or failing to participate in online activities, according to the Campus and Online Attendance Policies.

A student may also be subject to a **Discipline Withdrawal** if the student is dismissed for disciplinary reasons at any time during the semester. The procedures for determining the student's grade for the term apply, according to the Campus and Online Attendance Policies.

GRADUATION REQUIREMENTS

Students must have a minimum GPA of 2.0 to graduate from all programs. Additionally, all full-time program students must fulfill requirements for Community Service and Ministry.

PARTICIPATION IN GRADUATION EXERCISES

PIU holds graduation exercises once a year at the conclusion of the Spring Term. All students who fulfilled graduation requirements for any degree, since the previous graduation date, will participate in the exercises. For students who fulfill all academic requirements but have other outstanding obligations (community service requirements, outstanding financial obligations, etc.), the Vice President for Academics will determine if the students may participate in the exercises, but the students will not receive the diploma and the official record of the conferral of the degree will be withheld.

PRE-COLLEGE LEVEL COURSES

Students with academic deficiencies, determined by results of college admissions tests or a PIU Placement Test, will be assigned to Pre-College Level classes (course codes with numbers below 100). These non-credit courses will be taken with grades.

English Placement: Students who do not meet the requirements for enrolling in college-level courses (course codes of 100 or above), will be enrolled in specific English Pre-College Level courses. The student is removed from Pre-College Level status when he/she receives a grade of B or better in Pre-College Level English classes in the most recent term or receives a score of 482 or above on the PIU Accuplacer Placement Test or a 500 or above on the PIU Written Placement Test after completing either the first or second semester.

Accuplacer:

- For entrance into an academic program: a composite score of greater than or equal to 482 on the Accuplacer Next Generation reading and writing tests and an essay score of greater than 5 on the essay portion.
- For entrance into an academic program with academic warning (required to meet regularly with a mentor): a composite score of greater than or equal to 482 on the Accuplacer Next Generation reading and writing tests and an essay score of less than or equal to 5 on the essay portion.
- For entrance into the pre-college level program: a composite score of less than or equal to 482 on the Accuplacer Next Generation reading and writing tests. These students will need to retake the Accuplacer tests at the end of the first semester.
- Applicants who score below 458 on the Accuplacer Next Generation will be declined admittance to a PIU program.

Math Placement: Students enrolling in math courses are required to take a math placement test administered by PIU, to identify which course is appropriate for them. Students who score below an acceptable level for any college level math course may enroll in MATH 099R Introductory Algebra. When they pass MATH 099R with a B (or better) they are eligible to take college level math courses. Alternatively, they may re-take the placement test and become eligible if they score at an acceptable level.

STUDENTS' ACADEMIC STANDING RECORDS

PIU will maintain adequate records of students' Academic Standing and their progress towards completing a program. These records will include:

- Final grades for each course for each semester attended and a cumulative grade point average at the end of each semester.
- Records of withdrawals from classes that include the date of last attendance, including the posted grade of "W" or a grade determined by the instructor that represents the student's performance according to the Campus and Online Attendance policies.
- Records of re-enrollment in courses from which students officially or unofficially withdrew.
- An assessment of each student's progress towards completing a program.

PIU will maintain physical copies of students' records for at least five (5 years). Students may request to view their records, but the University will not make copies of existing documents. Digital copies of records are also maintained using secure formats.

LIBRARY RESOURCES

Library Mission:

The Pacific Islands University Library supports the PIU community in the individual's academic studies, ministries, and personal spiritual pursuits through access to quality resources and dedicated customer service.

Library Purpose:

To provide the University's academic programs access to course-related print and electronic resources;

- To provide access to reliable Biblical, theological, and academic resources that meet user needs;
- To assist users to develop effective research and information literacy skills to use a variety of traditional and electronic mediums; and
- To serve as a resource to the local church community and Christian school teachers.

Library Vision:

The PIU Library is determined to increase the quality and quantity of its offerings to users of our facility. Streamlining operations, upgrading resources, and diversifying materials are ongoing priorities for the library staff. We emphasize personal spiritual growth with supporting materials to enhance our enduring academic offerings.

What does all this mean for you? Your PIU Library is available to help, support and encourage you in your time here at PIU, and even afterwards. Personal service from trained and experienced staff is provided to assist your research, studies, and spiritual growth, even your choice of pleasure reading.

Some of the featured services of Your PIU Library are:

- 15,000 books with a strong Bible and Christian worldview; 3,400 magazine and journal issues
- Printing and copying services for a fee.
- Quiet study or space for quiet group work.
- Laptops and headphones (several with headset microphones) for use in the library.
- Current Christian magazines and journals
- 400 DVDS of Christian documentaries and movies
- A family collection with resources for young adults and families, and Christian fiction for all ages. Children's books present the Bible and Christian views as well as Micronesian storybooks for young readers.

Your PIU Library is more than one room. Through your Populi account you have access to the library's online catalog to find books, DVDs, and magazines in the library. The Library in Populi also provides free access to more than 135,000 college level electronic books and more than 20,000 journals found in 35 library databases. Guides and tutorials are provided to help you find helpful information for your studies and your life.

Quality, reliable information is just a visit or click away – use Your PIU Library.

STUDENT STUDY CENTER

Pacific Islands University maintains the Student Study Center to provide the use of computers for those conducting research and class work and for those enrolled in distance education courses. The Student Study Center also serves to develop students' knowledge and skills in the uses of hardware and software available for effective learning activities and future uses.

STUDENT COUNCIL (STUCO)

The Student Council consists of the President, Vice President, Secretary, Treasurer, Recreation Manager and Representatives from each academic class (freshman, sophomore, junior or senior). Officers are elected by the entire Guam student body. A staff advisor must be present at all meetings.

The Student Council represents the entire student body to the Academic Senate. It acts as a channel through which students may make constructive suggestions to the administration. It also serves an important role by being actively involved in the recreational programs of college functions and programs for special holidays and special activities.

Students on probation are not permitted to hold school or class offices. Any student holding office and not maintaining a GPA of 2.5 may be asked to resign from office.

ACADEMIC HONESTY & PLAGIARISM

As members of the Pacific Islands University (PIU) academic community that honors integrity and respect for others, students are expected to maintain a high level of personal integrity in their academic work at all times. This also means that student work should not be used for more than one course.

PACIFIC ISLANDS UNIVERSITY DOES NOT TOLERATE ANY FORM OF PLAGIARISM.

Plagiarism is defined as using someone else's words or ideas without using quotation marks or citing (identifying) the author, source, and page number of the source. Plagiarism is a form of cheating and is not allowed at PIU. When students use information from a speaker/teacher, books, articles, or the Internet, even if they put the information in their own words, students need to tell where the ideas came from. Plagiarizing any other person's words or ideas carries serious consequences. In English classes, students will learn how to cite quotes and summarize information correctly. They are expected to use these skills in their writing assignments for all classes. Students who willingly allow other students to copy their work are also guilty of plagiarism because they aided in the process. The following steps will be taken when complete or a significant portion of plagiarism is detected in a student's work (partial plagiarism is left up to the discretion of the teacher).

STEP ONE

- If a significant section of the final draft of a paper has been plagiarized, the student receives a grade of "zero" on the assignment.

- A photocopy should be made of the plagiarized work with the areas plagiarized highlighted, and (if possible) the source identified. The plagiarized paper should be placed in the student's file.
- The pink plagiarism form is given to the Registrar who will enter the data into digital record and then will put the form into the student's file.
- The student is given a verbal warning and his or her current teachers, the Registrar, Program Chairs and Vice President for Academics are made aware of the plagiarism.

STEP TWO

- The second offense (either in the same class or a different class at any time during his or her PIU studies) where a significant section of the final draft of a paper has been plagiarized, the Program Chair of the specified class is contacted and sets up a meeting with the student.
- The student will receive a grade of "zero" on the assignment.
- The pink plagiarism form should be completed, and plagiarized work identified, attached, and recorded in the student's file as in step one.
- The student is given a final warning, both verbally and in writing, for plagiarism and that the next instance of plagiarism will result in dismissal from the school for up to two semesters.
- His or her current teachers, the Registrar, Program Chairs and Vice President for Academics are made aware of the plagiarism.

STEP THREE

- If a student is caught plagiarizing a significant portion of a final draft of a paper for the third time (either in the same class or in a different class at any time during his or her PIU studies) he or she will be dismissed from school and blocked from returning for up to two semesters from PIU, the time period to be determined at the discretion of the Vice President for Academics, in consultation with the Program Chairs.
- The third and final pink plagiarism slip is completed as in steps one and two and recorded in the student's file, as in steps 1 and 2.
- The Administrative Council must approve the student's return, and the student will be required to submit a letter of apology and pledge not to repeat the offense. All conditions apply for reapplication or reentry.

PRIVACY AND RIGHTS

In order to maintain a safe and productive learning environment and to comply with necessary legal mandates, Pacific Islands University has formulated the policy listed below.

NOTICE OF THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) of 1974 was established to protect the privacy of student educational records.

Only certain employees of Pacific Islands University, acting individually or collectively in the educational interest of the student, are allowed access to educational records.

When the collection of personally identifiable information is specifically authorized by federal law, any data collected by such officials shall be protected in a manner which will not permit the personal identification of students and their parents by other than those officials.

Except as allowed and required by law, no personally identifiable information from a student's educational record will be disclosed to any third party (including parent, spouse, or other students) by an official or employee of the University without prior written consent of the student. This will be accomplished through the use of a **Directory Information Release Form** and/or an **Educational Records Release Form**.

RELEASE OF INFORMATION

The following is considered “**Directory Information**” at Pacific Islands University and will be made available to the general public unless the student notifies the Office of the Registrar in person:

- Name
- Home address
- Telephone number
- Email address
- Photograph
- Date and place of birth
- Major field of study
- Participation in officially recognized sports and activities
- Weight and height of athletes
- Class level
- Enrollment status
- Degrees conferred
- Dates of conferral
- Honors and awards received at PIU
- Dates of enrollment
- Graduation distinctions
- Institution attended immediately prior to admission

This **Directory Information** includes records, files, documents, and other materials, on paper or held electronically, that contain information directly related to a student and are maintained by Pacific Islands University or by a person acting for the University.

A second type of student information is described as “**Educational Records**”. These are protected by FERPA and Pacific Islands University. The student's **Educational Records** include but are not limited to grades, class lists, student course schedules, disciplinary records, student financial records and payroll records for employees who are employed as a direct result of their status as students (e.g., work study, assistantship, resident assistant).

The **Office of the Registrar** is the only authorized agent for releasing student information.

Students may request that all items identified as **Directory Information**, except their names, be withheld and considered restricted information. To withhold **Directory Information**, written notification must be received by the Office of the Registrar prior to the end of the normal office hours, of the final day of Add/Drop (Schedule Adjustment) for the semester or session in which the withholding is to begin. Once students have requested the withholding of **Directory Information**, the request will be honored for one current school year (Fall, Spring, Summer) until they file a request to reinstate the permission to release **Directory Information**.

According to the law, a person becomes a student for purposes of FERPA when he or she is **“in attendance”** at the institution. This includes attendance in person or remotely by video conferencing, satellite, Internet, or other hybrid electronic or telecommunications technology. At PIU, we define a student as someone **currently or previously enrolled** in any academic offering of the University. This does not include prospective students or applicants to any academic program of the University.

PIU recognizes that FERPA becomes effective on the first day of classes for those newly admitted students who have scheduled at least one course. A student who accepted an admission offer but did not schedule at least one course, or a newly admitted student who canceled his or her registration either before or after the semester begins, **is not covered by FERPA.**

RIGHT OF REVIEW

Under FERPA, students have the right to review and inspect the educational records maintained by Pacific Islands University. The University follows a procedure which provides the student the opportunity to challenge information deemed inaccurate, misleading, or otherwise in violation of that student’s privacy or other rights and may request an amendment to the offending record.

Students may file a complaint with the U.S. Department of Education concerning an alleged failure of PIU to comply with the requirements of FERPA. A copy of the University’s FERPA policy is available at the Office of the Registrar.

STUDENT DEVELOPMENT

STANDARDS OF BEHAVIOR FOR PIU STUDENTS

Personal spiritual growth is a basic purpose of PIU. The faith, attitudes, and behavior of all members of the PIU family need to grow more like Christ inside and outside the classroom. This means that each individual at PIU must agree to accept the word of God as the authoritative standard by which all aspects of the University is to operate. In addition, it is important to learn to live in a community. God calls staff and students from different cultural and church backgrounds. This complicates daily life on PIU campus, for Christians are not in agreement about some aspects of Christian life.

The Board of PIU has carefully considered cultural and ecclesiastical concerns and agreed upon some standards of behavior for PIU students and staff members. For the sake of maintaining a healthy campus community, PIU specifically prohibits the possession and use of tobacco, illegal drugs, alcohol, and betel nut on school property or at school-sponsored activities. Furthermore, PIU expects students to live lives that are consistent with biblical principles. We understand

drunkenness, sexual immorality, gossip, slander, profanity, ethnic or cultural discrimination, dishonesty, stealing, plagiarism, etc. to be inconsistent with biblical living. We expect all PIU students to be active participants in the life of a local church and to strive for academic excellence. PIU will attempt to deal with these issues firmly and redemptively. These and other important standards are described further in the Student Handbook and must be followed by each student.

When necessary, there is a policy for discipline, also described in the Student Handbook. Any discipline will be based on scriptural principles with the purpose of correcting the quality of our relationships with Christ and with one another. The key to all of this is Christian love, which compels us to submit to God and to one another.

Suspected violation of PIU community standards will be referred to the Student Development Team for investigation and appropriate action. Resident Assistants or any other PIU staff or faculty may be invited to be a part of the process, and at the team's discretion, the matter may be delegated to a specific team member. Disciplinary responses are based upon the nature and severity of the issue and may be imposed by the Student Development Team. The Student Development Team shall gather and review all the relevant information on the situation, make a determination, and notify the student.

DISCIPLINE POLICY

Any discipline will be based on Scriptural principles with the purpose of correcting the quality of our relationships with Christ and one another. The key to all of this is Christian love, which compels us to submit to God and to one another.

We understand that we should submit to authorities as we would to Christ. Students are expected to respond with obedience and respect to each other and to authorities regardless of culture or age. This Discipline Policy is meant to be a basic guideline, so students know what is expected of them and how they will be held accountable for their behavior.

DISCIPLINARY COMMITTEE

The Disciplinary Committee (DC) is convened at the discretion of the Vice President of Student Development. The Committee is convened when students' actions may lead to suspension or dismissal. A student may request to address the DC in the event that the student believes his/her situation involved extenuating circumstances. The committee is comprised of a resident student, a commuting student, and a faculty member who is not part of the Student Development team. The DC only provides a recommendation to the Vice President of Student Development.

When a student's behavior has been deemed to be inconsistent with PIU standards, the following may be recommended by the Student Development Team and/or the Disciplinary Committee. Any actions taken by the Student Development Team, will be forwarded in writing (except possibly Level One) to the student within (3) three business days of the infraction.

LEVEL ONE – VERBAL/WRITTEN WARNING

When the Student Development Team determines that the student's behavior reflects a Level One concern, the Team will recommend a verbal or written warning that will be presented to the

student. The record of the Team's decision and the recommended actions will be part of the student's official record. The Student Development Team will determine if, and the extent to which, local legal authorities will be informed of disciplinary actions on campus, unless local laws require notification for specific instances. The Student Development Team will comply with local laws requiring the reporting of specified offenses. The Student Development Team is also responsible for monitoring any recommended actions.

Level One concerns may include:

- A first offense of any actions inconsistent with biblical living
- Behaviors that have minimal impact on the relationships with other members of the community or minimal harm to the student exhibiting the behavior

LEVEL TWO – WRITTEN WARNING WITH ONE ON ONE WITH STUDENT DEVELOPMENT TEAM

The Student Development Team may determine that a student's behavior reflects a Level Two concern. The Team will then meet with the student to discuss opportunities for restoration. If the team believes that the student is not contrite for what they did, then the Team can place a student on Level 3.

Level Two Concerns may include:

- Repeated Level One offenses
- No responses to the recommended actions imposed in addressing Level One concerns.
- Behaviors that pose an immediate threat or have incurred harm to any members of the community

LEVEL THREE – PROBATION

The Student Development Team may determine that a student's behavior reflects a Level Three concern. The Team and the student will meet to discuss the guidelines and requirements involved in the Probation. If the Team believes it to be necessary, or if the student violates the Probation, then dismissal will be considered.

- Continuous repetition of previous offenses
- Defiance of faculty, staff, or administrative directives aimed at protecting the well-being of any members of the community
- Egregious examples of behaviors inconsistent with biblical living
- Behaviors that pose an immediate threat or have incurred harm to any members of the community

DISMISSAL

Upon extensive investigation and deliberation, the Student Development Team may recommend dismissal for a PIU student. The Team recommendation will include a clearly articulated justification that balances the well-being of the student as well as the best interests of the entire PIU community. The Team may recommend conditions on which the student may be considered for readmission to PIU.

Dismissal concerns may include:

- Continuous repetition of previous offenses
- Defiance of faculty, staff, or administrative directives aimed at protecting the well-being of any members of the community
- Egregious examples of behaviors inconsistent with biblical living
- Behaviors that pose an immediate threat or have incurred harm to any members of the community

GRIEVANCE POLICY

The PIU Grievance Policy will be used if a student feels unfairly treated or is in conflict with another student. Grievance action may be initiated by a student in regard to another student, an instructor, an administrator, any member of the PIU staff, or persons from ministry centers where students do outreach and field training. Our goal is to seek justice, love mercy and to draw people to the heart of God (Micah 6:8).

Some reasons a student might file a grievance include:

- Unfair treatment by prejudice
- Harassment or intimidation
- Verbal or physical aggression
- Any violation of the PIU standards

PROCEDURES

Step 1. Submit a Grievance form (*see Student Handbook*). Try to work out the problem directly with the person involved (Matt. 18:12-16). If a student feels that direct communication is difficult or inappropriate, he or she may proceed to Step 2. If direct communication does not solve the problem the student may proceed to step 2.

Step 2. If the situation does not get resolved after step one, the student must submit in writing a report to the Vice President of Student Development. The Vice President of Student Development will meet with the student. If the problem involves the Vice President of Student Development or Student Development staff, the student should report the incident to the Academic Vice President. The Vice President of Student Development will then meet with parties involved to discuss and seek resolution.

Step 3. If the Vice President of Student Development is not involved in the incident a Student Grievance Committee will be formed and convened within (5) business days after receipt of the request. If the Vice President of Student Development is party to the incident, the Vice President for Academics shall within (5) business days convene the Student Grievance Committee.

This committee shall be chosen by either the Vice President of Student Development, or if necessary, by the Academic Vice President and consist of:

- One student from the Junior and Senior academic class level.
- The Student Council President.
- Two members of the faculty or staff.

NOTE- the accused person may be present or represented by a person of his/her choice. The accuser must be present to explain the charges.

Step 4. The Student Grievance Hearing Committee has the authority to meet with the conflicting parties in hopes of graciously resolving the issue. In the effort to best understand the situation, all people involved will have the opportunity to speak about the situation, and after thorough and fair discussion, the committee will make a written recommendation at the end of the Grievance Hearing, to the Vice President of Student Development and once approved, will be implemented.

All grievances not resolved by the Student Grievance Committee may be appealed in writing to TRACS, P.O. Box 328, Forest, VA 24551, (434) 525-9539, with a copy being filed with the Vice President of Student Development.

VIOLENCE IN THE WORKPLACE POLICY

This section describes PIU's policies for preventing and responding to bullying, disruptive, threatening, or violent behavior involving anyone on the PIU Campus. This pertains to actions on the campus or through use of PIU's internet site. This policy will pertain to faculty, staff, students, or general community members. This policy serves as guidance for protecting the PIU community from and responding to such conduct when directed toward them by unaffiliated visitors.

DEFINITIONS

- **Disruptive Behavior** disturbs, interferes with, or prevents normal work functions or activities. Disruptive behavior includes bullying (either virtual or actual), yelling, using profanity, stalking, waving arms or fists, or verbally abusing others; making inappropriate demands for time and attention; making unreasonable demands for action (demanding an immediate appointment or a response to a complaint on the spot); or refusing a reasonable request for identification.
- **Threatening Behavior** includes physical actions short of actual contact and/or injury (i.e., moving closer aggressively), stalking, general oral or written threats to people or property ("You'd better watch your back, or I'll get you!") as well as implicit threats ("You'll be sorry!" or "This isn't over!").
- **Violent Behavior** includes physical assault, with or without weapons; behavior that a reasonable person would interpret as being violent (i.e., throwing things, pounding on a desk or door, or destroying property); and specific threats to inflict physical harm (i.e., threat to shoot or harm a named victim).

POLICY

- PIU can best perform its mission of providing accessible, excellent, transformational Christian higher education when faculty, students, staff, and visitors share a climate that supports a safe learning environment. PIU is committed to creating and maintaining an environment that is free from disruptive, threatening, and violent behavior.
- PIU will not ignore, condone, or tolerate disruptive, threatening, or violent behavior by any member of the PIU community or by visitors. Faculty, staff, students or outside visitors engaged in such behavior will be subject to appropriate disciplinary action (i.e., suspension, put on leave, removal from campus), up to and including dismissal, under the appropriate policy or contract.

- Disruptive, threatening, or violent behavior is prohibited under criminal or civil law. When appropriate, PIU will refer cases for civil action or criminal prosecution.
- An individual may be excluded from PIU premises for disruptive, threatening, or violent behavior. Additionally, members of the PIU community and individuals not directly associated with the University (i.e., a spouse or former spouse) may also be excluded pursuant to a court ordered restraining order. (Other applicable law or penal code-notice of withdrawal of consent).
- All University personnel and students are committed to upholding and implementing the University's policy relating to disruptive, threatening, or violent behavior, including reporting such behavior through normal lines of administrative responsibility or to the Office of Student Development.
- PIU maintains Health and Safety response teams to assist department chairpersons, other faculty, staff, administrators, and other members of the PIU community.

ACADEMIC PROGRAMS

PACIFIC ISLANDS BIBLE COLLEGE ACADEMIC PROGRAMS

As the first school within PIU, PIBC offers four different, yet interrelated programs of study:

- Certificate in Biblical Studies (CBS)
- Diploma in Biblical Studies (DipBS)
- Associate of Arts Degree in Biblical Studies (AABS)
- Bachelor of Arts Degree in Biblical Studies (BABS)

BIBLICAL STUDIES PROGRAM DESCRIPTION AND GOALS

The Undergraduate Biblical Studies Program of Pacific Islands University exists to provide students with Christian character, a sound knowledge of the Bible and Christian Theology, a love for God and people, and the skills appropriate for ministry in the local church, mission field, and other Christian ministry.

All four programs are designed to help students achieve the five major areas of development and growth described in the **PURPOSE AND MISSION STATEMENT** in this catalog. The individual programs differ in the number of credits required for completion. The CBS, DipBS, and AABS degree programs require two English classes, and the BABS degree requires three English classes. Both the AABS and BABS degrees have additional general education requirements. General Education courses may be completed at PIU or transferred to PIU from any accredited institution, including the University of Guam, Guam Community College, College of Micronesia, and Palau Community College.

Students will be assisted in selecting the program that best meets their needs. Transfer from one program to another is possible at any time. A student shall complete a minimum of 60 credits toward his/her BA degree or Diploma in Biblical Studies through classes offered at PIU. A student shall complete 36 credits toward his/her AA degree or Certificate in Biblical Studies through classes offered by PIU.

CERTIFICATE IN BIBLICAL STUDIES (CBS)

This 54-credit program provides students with a solid foundation in Bible and Theology. It is appropriate either for students who desire a short but intensive Bible program or for Christian men and women already involved in full-time or part-time church ministries. By taking two semesters with 15 credit hours and two semesters with 12 credit hours, a motivated student can complete the requirements for the Certificate in Biblical Studies in two years. Students completing the Certificate program may also transfer credits to the Diploma or Bachelor of Arts programs if desired.

Graduates of this program will show evidence of a transformed life manifested in love for God and others and development of a heart passion and spiritual disciplines to become more like Jesus. With the Certificate the graduate will have a solid foundation for the understanding and biblical defense of the basics of evangelical theology and formation of a biblical worldview.

Program Learning Outcomes for Certificate in Biblical Studies

Completion of a CBS will prepare students to:

1. Describe and explain the content of the Bible and the major doctrines of historical Christianity.
2. Read, study, and analytically interpret the Bible.
3. Articulate the significance of the major doctrines and practices of historical Christianity and interpretation of the biblical text for personal life and ministry.

Required Bible and Theology:

- BIBL 102: Basic Bible Study Methods
- BIBL 201: Exegesis in the English Bible
- BNEW 100: New Testament Survey

- BOLD 100: Old Testament Survey
- **TWO** of the following courses:

Required English:

- ENGL 101: Freshman English 1
- ENGL 102: Freshman English 2

DIPLOMA IN BIBLICAL STUDIES (DIPBS)

This 72-credit hour program provides students with a firm Bible background as well as English and Field Education courses. A student who takes 12 credits each semester can complete the Diploma program in six semesters. Students completing the Diploma program may transfer its credits into the Bachelor of Arts program upon completion of the Diploma.

Graduates of this program will show evidence of a transformed life manifested in love for God and others and development of a heart passion and spiritual disciplines to become more like Jesus. The Diploma graduate will have a solid foundation for the understanding and biblical defense of the basics of evangelical theology, formation of a biblical worldview and basic training and experience in Christian ministry to serve in the church and community.

Program Learning Outcomes for the Diploma in Biblical Studies

Completion of a Diploma in Biblical Studies will prepare students to:

1. Demonstrate a transformed life manifested by love for God and others and the practice of spiritual disciplines.
2. Describe and explain the content of the Bible and the major doctrines of historical Christianity.
3. Read, study, and analytically interpret the Bible.

4. Perform basic tasks of Christian ministry for service in the family, church, and wider community.

BACHELOR OF ARTS IN BIBLICAL STUDIES MINOR (18 CREDIT HOURS, INCLUDING 400-LEVEL FEDU CLASS)

When students graduate from PIU and move into the workplace, they are asked to fill many roles— as teachers, church workers, government employees, and others. PIU strives to be responsive to the student’s vocational needs. Thus, each student must select a minor consisting of 18 hours of related coursework. Descriptions of minors, the types of students who might select them and the needed courses to fulfill are found below. Students are strongly encouraged to choose their minor by the end of their second year.

NOTE: Practicum/Internship: The FEDU 200 Field Education Introduction and Development or FEDU 203: Field Education in the Classroom course AND all minor courses must be completed prior to the student enrolling in his/her 400-level internship OR the final minor course may be completed concurrently with the 400 level internship. Based on developing vocational interests as students complete this minor, a FEDU 400-level internship will be arranged (usually within a congregation, business, organization, or school)

For a listing of all minors see section PACIFIC ISLANDS UNIVERSITY MINORS ON PAGE 70

PACIFIC ISLANDS CHRISTIAN COLLEGE ACADEMIC PROGRAMS

LIBERAL STUDIES PROGRAM DESCRIPTION AND GOALS

Pacific Islands Christian College offers courses for students working towards the Certificate in Basic English. Courses are also available for students to earn the Associate of Arts and Bachelor of Arts in Liberal Studies program.

The Liberal Studies Program of Pacific Islands University exists to provide students with a sound knowledge of mathematics, science, language, and the humanities; a foundational understanding of a biblical worldview; and the skills appropriate for a variety of vocational and ministry settings. The program also encourages growth in Christian character.

CERTIFICATE IN BASIC ENGLISH (CBE)

Purpose Statement. The Certificate in Basic English (CBE) is an accredited two-semester program (24 credit hours) and designed for low- intermediate to the advanced level for speakers of other languages. The program offers students an immersion experience, taught by professionals covering grammar, conversation, listening, reading, and writing. Speakers of other languages who wish to improve their English communication skills enroll in the CBE program. It offers a wonderful opportunity to share and exchange opinions with teachers and students from different cultures and backgrounds, since students from other PIU programs may be enrolled in CBE courses. Learning about the lives and experiences of others in the class and throughout Pacific Islands University will help broaden students' views and practice reflective thinking – giving students many advantages in terms of personal, academic, and professional development. The program and courses are open to qualified students who desire or need to improve their ability to speak and write English for personal or career purposes, and to help further their education.

Admission into the CBE program requires a basic knowledge of English, and a minimum score of 400 on the paper-based TOEFL test (or 32 on the internet-based TOEFL test). If no TOEFL scores are available, the results of the PIU Placement Test can be used to determine proper placement. The program is designed to help students scoring between 400 and 434 on the paper-based TOEFL test (or 32-40 on the internet-based TOEFL test) to improve and raise their score to 500 or higher (or 61+ on the internet-based TOEFL test), which may allow them to apply for admission into a regular academic PIU degree program. In short, the primary purpose of the program is to prepare students for further academic studies.

For students determined to be at an advanced English reading, writing, and speaking level (paper- based test score of 435-470 or 40-52 on the internet-based TOEFL test. These courses are designed to further improve the skills needed and demanded at college level. See the Undergraduate Course Descriptions for details. (Possible total: 30 credit hours)

Students admitted to the Certificate in Basic English program are NOT automatically admitted to a degree program upon completion of the certificate. They must reapply for admission to additional programs. The CBE program courses are at a Pre-College Level, and therefore, not transferable for college level credit. Courses can be repeated for Pre-College Level credit. Students will receive their Certificate in Basic English after proving themselves successful by receiving a grade of B or better in all Pre-College Level English classes in the most recent term and by receiving a composite score of 482 or above on the Accuplacer Next Generation reading and writing tests and an essay score of 5 or above on the essay on the PIU Placement Test. The PIU English test is re-administered near the end of each semester to measure students' growth in each of the four major areas of English: written skills; listening comprehension skills, grammar; and vocabulary and reading comprehension.

The following courses are offered in the CBE program:

- ENGL 081R - English Reading 1: This class in the CBE program focuses on developing the skills necessary to read college textbooks.

- ENGL 082R - English Writing 1: This class in the CBE program focuses on sentence and paragraph writing, with Pre-College Level grammar instruction.
- ENGL 083R - Basic Bible Knowledge: This class in the CBE program uses the Bible as a text for developing both English skills and a basic understanding of the Bible.
- ENGL 084R - Academic Expectations: This English class in the CBE program focuses on developing college-level study and speaking skills.

Students can also expect to take the following classes:

- ENGL 085R - English Reading 2: This class in the CBE program is a continuation of ENGL 081R and focuses on further developing the skills necessary to read college textbooks
- ENGL 086R - English Writing 2: This class in the CBE program is a continuation of ENGL 082R and focuses on paragraph and essay writing practices, as well as additional grammar instruction.
- ENGL 087R - Christian Living: This class in the CBE program focuses on the subject of what it means to live life as a Christian. There is an emphasis on the development of English skills within that context
- ENGL 088R - Public English Skills: This class in the CBE program helps students develop the confidence to speak in front of a class and contribute to class discussions.

NOTE: For students determined to be at an advanced English reading, writing, and speaking level (paper-based test score of 435-470 or 40-52 on the internet-based TOEFL test). These courses are designed to further improve the skills needed and demanded at college level. See the Course List descriptions for details.

BACHELOR OF ARTS IN LIBERAL STUDIES MINOR (18 CREDIT HOURS, INCLUDING 400 LEVEL FEDU CLASS)

When students graduate from PIU and move into the workplace, they are asked to fill many roles— as teachers, church workers, government employees, and others. PIU strives to be responsive to the student’s vocational needs. Thus, each student must select a minor consisting of 18 hours of related coursework. Descriptions of minors, the types of students who might select them and the needed courses to fulfill are found below. Students are strongly encouraged to choose their minor by the end of their second year.

NOTE: Practicum/Internship: The FEDU 200 Field Education Introduction and Development or FEDU 203: Field Education in the Classroom course AND all minor courses must be completed prior to the student enrolling in his/her 400-level internship OR the final minor course may be completed concurrently with the 400-level internship. Based on developing vocational interests as students complete this minor, a FEDU 400-level internship will be arranged (usually within a congregation, business, organization, or school).

The individual minors are listed below.

This region includes four island groups, namely the Caroline Islands, the Gilbert Islands, the Mariana Islands, and the Marshall Islands. Euro-American exploration, culture contact and colonial annexation will be considered as part of this course.

MATH 099R - Introductory Algebra*: In this course, students will be able to review and perform mathematical operations involving fractions, decimals, percentages, proportions, powers, exponents, and roots. After a basic mathematics review, this course focuses on the basics of algebra such as review of monomial, polynomials, factoring, variables, algebraic expressions, systems of equations and quadratic equations. Students also learn inequalities, graphing, number series and worded problems. No degree credit.

NOTE: * Students enrolling in math courses are required to take a math placement test administered by PIU, to identify which course is appropriate for them. Students who score below an acceptable level for any college level math course may enroll in MATH 099R Introductory Algebra. When they pass MATH 099R with a B (or better) they are eligible to take college level math courses. Alternatively, they may re-take the placement test and become eligible if they score at an acceptable level.

MATH 101 - Basic Mathematics: A review of basic mathematical operations, including fractions, percent, and decimals. The course will introduce the basic concepts and applications of functions and demonstrate how to apply mathematics to practical situations.

MATH 102 – College Algebra: This course provides a working knowledge of college- level algebra and its applications. Emphasis is placed upon the solution and the application of linear and quadratic equations, word problems, polynomial functions, roots, and radicals. Students perform operations on real numbers, operations with algebraic expressions, algebraic fractions, rational and radical expressions. Arithmetic and geometric sequences, systems of equations, inequalities and coordinate geometry are discussed. Students learn to solve and graph linear and quadratic equations. Other topics include solving applications using equations of lines as well as graphing of two variables on the xy plane and other functions and graphs. Prerequisite: Getting a sufficient score in the math placement test or passing Math 099R with a B or better.

MATH 201 – Introduction to Statistics: In this course, student will be introduced to the basic concepts of statistics using an intuitive approach to understanding concepts and methodologies. These include basic statistics, numerical measures, frequency distributions, measures of central tendency, measures of dispersion, concepts of probability, sampling principles of testing and univariate inferential testing. Students learn to solve correlation and regression for bivariate data, estimation, and hypothesis testing. Also, students will be encouraged to explore the practical application of statistical thinking, collecting, and analyzing data. Prerequisite: Passing score on an assessment of computer application skills or CSCI 210.

MUSC 201 - Music 1: A study of rhythm and pitch to enable the student to know the basics of sight singing, and to be able to sight read melody and parts for many songs. Basic keyboard technique is also studied.

PHIL 200 - Critical Thinking and Logic: This course is designed to further students' abilities in the critical thinking/ logic, expository, and persuasive writing skills needed in order to successfully read and write at upper division college level. The course will focus on building students' abilities to write evaluative, persuasive, and defense essays that clearly communicate information and ideas. Students will also learn how to recognize Fallacies in arguments, and how to identify and utilize different writing techniques. Prerequisite: ENGL 102.

PHIL 303 (also THEO 303) - Ethics: A study of the ethical principles of the Bible and how they compare and contrast with other ethical systems. Instruction includes case studies and discussion.

PHIL 403 (also THEO 403) - World Religions: Introduction to the study of religion with specific attention to major world and traditional or animistic religions, as well as the development of a Christian approach to their adherents.

PSYC 201 - Introduction to Psychology: Exploration of the fundamental issues of psychology, including research, brain psychology, development, learning, memory, motivation, personality, psychological disorders, and social behavior.

PSYC 303 (also CFOR 303) - Marriage and Family: A practical study of the biblical view of the family, this class explores marriage and family experiences, personal choices, marital adjustments, conflict management, parenting decisions, communication, giving particular attention to the preparation for Christian marriage, and family life.

PSYC 310 (also CMIN 310) - Personality Development: An introductory course in developmental psychology. Major developmental theories are studied, as well as characteristics and developmental tasks of each age group. Throughout the course there is an effort toward critical integration of scientific findings with scriptural teaching (integration of psychology and theology) as well as practical application to Christian growth and ministry.

PSYC 401 (also CMIN 401) - Counseling: This course focuses on basic counseling techniques such as active listening, following responses, immediacy, confrontation, and self-disclosure. It also examines some of the most common issues for which people seek help, such as pain and suffering; depression; suicide; anger, grief, and loss; sexual, emotional, and substance abuse; and guilt and forgiveness. Throughout the semester, students will learn and apply practical counseling skills. Emphasis is placed on the application and analysis of skills as used in mock and simple, real counseling sessions with peers.

PSYC 499 - Directed Study: Individual study with frequent instructor/student meetings in an area of psychology or counseling may be arranged through a faculty member teaching in the subject area. Request forms are available in the registrar's office.

SCIE 101 – General Science: This course covers the main areas of science by examining the historical development of major scientific findings and providing an understanding of the methods used in science to learn the truths that make up our understanding of the physical world.

SCIE 201 - Physical Science: This course is designed for students to explore the basic concepts of physical science. Students will be introduced to the fundamental concepts of physics, chemistry including mechanics, electricity and magnetism, atomics, chemical elements, and bonding. Also, they will be encouraged to examine the relationship between science and everyday life.

SCIE 301 - Marine Biology: This course is an introduction to marine biology through lecture and labs. Topics will include principles of marine science, life in the marine environment, and structure and function of marine ecosystems. Special attention will be given to our local marine systems including coral reefs and mangrove estuaries.

SERV 200 – Community Service/Ministry: All full-time PIU undergraduate students are required to participate in community service or ministry activities for at least 36 hours each semester. Students will be assisted by the Student Development Office to identify and arrange for the activities. Students are responsible for receiving and reporting verification of

the hours they served from church pastors/leaders, directors of organizations, or other individuals who worked directly with the students. At the end of each semester, a student's transcript will indicate whether or not the student fulfilled the Community Service/Ministry requirement with a Pass (P), or a Fail (F) indicated on the transcript.

SOSC 201 - Intro to Social Work: This course introduces the student to the profession of social work. It provides a basic foundation and general overview about the profession, its theories, and general interventions, as well as describing fields of social workers practice and the population served.

SOSC 210 – Human Geography: This introduction to Human Geography presents the issues that we face today through the lens of geography, looking at the patterns and processes that influence how we understand and address our physical, social, cultural, political, and economic environments.

STDY 101 - Research and Study Skills: This course is designed to develop the academic skills of college students. Emphasis is placed on learning organized study techniques, comprehension of reading materials, note-taking procedures, and examination skills. Students will develop basic proficiency in computer applications necessary for most PIU courses. Students are also introduced to the library and learn basic research skills including the use of the Internet.

STDY 301 - Research Methods: This course is a concentrated course in research methods; it covers the basics of research, types of information, source evaluation, research paper structure, citations, and formatting. Individual and group assignments are major components of the course.

THEO 101 - Christian Doctrine 1: A study of the nature and attributes of God the Father, the Son, and the Holy Spirit. In addition, the course focuses on the work of God and the doctrine of the Trinity.

THEO 200 - Introduction to Christian Doctrine: An introductory survey of evangelical Christian doctrine. Each of the following doctrines will be examined: the nature of Reality, the Bible, God the Father, Jesus Christ, the Holy Spirit, Man, Sin, Salvation, the Church, and Last Things.

THEO 201 - Christian Doctrine 2: A study of the doctrines of man, sin, and salvation. This course includes consideration of human nature, sin, predestination, incarnation, atonement, and our new standing with God.

THEO 301 - Christian Doctrine 3: A study of the history and teachings of the religious groups one might encounter in Micronesia. Emphasis is placed on defining and defending the historic Christian faith and helping the student personally develop a biblical theology.

THEO 302 - Christian Doctrine 4: A study of the doctrines of the Church and eschatology. Included is an examination of the church's origin, ministry, ordinances, nature, and function. It will also include an intensive study of the various eschatological systems and their major themes including death, the intermediate state, the second coming of Christ, judgment, heaven, and hell.

THEO 303 (also PHIL 303) - Ethics: A study of the ethical principles of the Bible and how they compare and contrast with other ethical systems. Instruction includes case studies and discussion.

THEO 304 - Spiritual Warfare: Reviews biblical, historical, and contemporary beliefs in the existence and activity of spiritual beings and forces, with the goal of equipping the student to minister effectively during spiritual conflict.

THEO 402 - Theology and Culture: A study of the dynamic interaction between faith and life. Students develop confidence in identifying elements in their culture which Christian theology both appreciates and critically evaluates. The goal is for the student to be able to apply Christian theology in a local community context.

THEO 403 (also PHIL 403) - World Religions: Introduction to the study of religion with specific attention to major world and traditional or animistic religions, as well as the development of a Christian approach to their adherents.

THEO 499 - Directed Study: Individual study with frequent instructor/student meetings in the area of theology may be arranged through a faculty member teaching in the subject area. Request forms are available in the registrar's office.
